Dear Caroline,

Your postcard really brightened up my day! Things at Tech haven't been too eventful, but I'm not really complaining. It turns out that I'm actually the Vice President of the Disney club now.. I'm not sure how that happened exactly, but I'm pretty proud about that! I hope your classes at Emory aren't too tough, and I hope the art history program position goes super well!! Don't be a stranger and take care!

Caroline Scheving
