Sunday

IRELAND

Dear Caroline -

We made it as far as

Bristol, TN after saying  
goodbye to you yesterday. We  
have a big driving day  
ahead. The scenery should  
be beautiful - we drive up  
along the Blue Ridge mountains.  
Maybe not quite as picturesque  
as Ireland, though. Love Man

The Dingle Peninsula, stretching westward for 30 miles from the low-lying country near Tralee, is the most northerly of the hilly promontories of County Kerry. The whole peninsula has superb mountain and coastal scenery, and there are many prehistoric and early-Christian remains. The western end of the peninsula is an Irish-speaking district where the traditional customs, crafts and lore are still very much alive.
