

## America's Most Amazing Mile

Opened on November 16, 1895 by John Crass and the Lookout Mountain Incline Railway Company. Boasting an incline of 72.7%, it was built to easily whisk residents and visitors up and down the steepest part of Lookout Mountain.

Dear Caroline,  
Did you ever ride the  
incline railway? It's still  
fun and also somewhat  
terrifying. I miss you a  
lot and think about you  
often. Hope school is going  
well!!! Love, Benny
