

Dearest Oscar  
 First, I was going to max philosophical  
 and write that you were the bird and  
 the fish was college - you're going to  
 totally dominate, lady! But then I realized  
 that wasn't exactly describes you with to  
 emanate - bloodlust/hunger/aggression -  
 and also that you probably feel more like  
 the fish, right now, being outside your  
 element (college/the air vs. Nashville/the sea).  
 So, after even more intense philosophical  
 'ingui\* (I'm just trying to relate to you,  
 my college co-ed), I've decided that even  
 if you feel like the fish ~~and~~ in the birds  
 speak right now, soon you'll find your people -  
 the fish jumping from the sea - they're  
 about to save you, help you,  
 guide you. You're going  
 to be a man! AND DO GREAT THINGS!
